MOSELEY AVENUE SURGERY

SURGERY NEWSLETTER

July 2019

MEDICAL STUDENTS

At Moseley Avenue Surgery we're committed to training the Doctor's & GPs of the future. From April 2019 we are going to be having pairs of 2nd year Warwick Medical School students training with us on certain Tuesdays. They will sometimes lead their own consultations (in the presence of one of their GP Tutors - Dr Folan & Dr Hall), or they might sit in & observe different GP's in the practice or accompany GP's on their home visits.

We very much appreciate your assistance in helping them learn more about the common medical problems that GP's see and treat. Your consent will be gained at the time of booking your "student-led consultation" and also for observed consultations. The students learn by being "hands on" so we would be very grateful if you agree to them examining you (if appropriate) under GP supervision.

They will also have 1 hour consultations with patients who have complex or chronic medical problems or have had medical problems in the past, to learn more about the impact of these on the patient's life. If you would be interested in talking to 2 students about your medical problems, please let reception or your GP know and we will provide you with more information and a consent form.

LEAVE US FEEDBACK

Were you satisfied with your visit or do you have a suggestion on how we could improve?

We would love to hear your feedback so why not fill out a Friends & Family card in Reception or leave us a review on www.nhs.uk

ONLINE ACCESS

You can now book appointments, order your prescription and do many more things online!

www.patientaccess.com allows you to access your medical records online any time, any where.

To register please visit Reception
