NHS HEALTH CHECKS

Are you aged between 40—74? If so you could be eligible for an NHS Health Check!

The NHS Health Check is a free check up of your overall health. It can tell whether you are at higher risk of developing certain health problems such as: heart disease, diabetes, kidney disease or stroke.

As well as measuring your risk of developing these health problems, an NHS Health Check gives you advice on how to prevent them.

DO WE HAVE UP-TO-DATE CONTACT DETAILS FOR YOU?

It is important that you keep us informed of any change in contact details such as phone number, email address or home address. Ensuring we have the correct details is important as we may need to get hold of you urgently.

To update your contact details please visit reception or visit our website www.moseleyavenuesurgery.nhs.uk and click on the 'Update Your Contact Details' page.
